MATERIAL POLYESTER, COW LEATHER & SATIN

PROTECTION FEATURES

WINTER INSULATING INNER LAYER

POLYESTER SATIN INNER LAYER

COLOR: BLACK | MATERIAL: POLYESTER SATIN

*This light-weight Polyester Satin Inner Layer is designed to be attachable under the **NSW-1901 & NSW-1903 Jackets** as an windproof insulation. It allows your body to retain the heat it needs to stay warm during the winter seasons.*

POLYESTER TRICOT INNER LAYER

COLOR: BLACK & RED | MATERIAL: POLYESTER TRICOT

*This light-weight Polyester Tricot Inner Layer provides extra warmth and is ideal for winter sportswear. This layer is designed to be attachable under the **NSW-1902 Jacket** as an windproof insulation. The polyester tricot fabric retains the heat your body needs to stay warm while getting rid of the unnecessary moisture and sweat that could cause you to get and/or stay cold.*

ERGONOMIC FEATURES

JEANS LOOP

*This loop at the back of our **NSW-1901, NSW-1902, NSW-1903 and NSW-1904 Jackets** enables you to attach*

it to your jeans or belts, which prevents the jacket from creeping up and exposing your back when riding.

POLYESTER PERFORMANCE JACKETS

Stay stylish while staying safe. Our Simpson's Performance Jackets are carried out in breathable polyester mesh, a knitted fabric that ensures ventilation while keeping you in protection against the elements.
